## THE PRESIDENT'S CORNER

I personally hate it when our meeting doesn't follow a well-developed plan, but I realize that's the many years of corporate training coming out. Many of you tell me that you love the more spontaneous meetings so that's why we have tried to allow some free flow in all our meetings and schedule regular club assemblies.

Last week's spontaneous club assembly turned into a very good opportunity for many to express personal interest in Crutches for Africa and to ask how you can get involved.

Well, we decided to meet at 5:30 before next week's meeting and I promised to re-send the project plan Dave and I developed some time ago. Please pencil yourself into one of the key responsibilities on the plan and show up at 5:30 on Wednesday.

With Dave's enthusiasm and knowledge and the firepower the entire club can bring, this could be a huge success.

Jim
