**THE PRESIDENT'S CORNER**

As our Rotary Year is in its second half it is time to look at the District Conference and the Rotary International Convention. Nan, Mac and I looked into applying for several awards that our club is eligible to receive in addition to the ones that district will award to us. It would be wonderful to have lots of support from our club present at the conference in Vail. It is important to support the club at functions like this. Please seriously consider having a Rotary Weekend April 25-27. Bruno will be there and will perform with the other exchange students.

**PROGRAM**

Jeffco Public Libraries

Bill Knott was our speaker for the evening. He is the head of staff for the JEFFCO public libraries. He has worked in the district for 37 years and is soon to retire.

After studying operations of other CO libraries for more than a year, the JEFFCO Public Library Board of Trustees asked that the JEFFCO Board of Commissioners (BCC) approve further research of the advantages and potential disadvantages of forming a library district.

Bill listed the advantages and disadvantages of operating as a Library District and it seems to be a good direction in which to head.

- Allows the Library to focus more directly on providing high- quality library services to county residents
- Enhances the Library's ability to respond to changing conditions
- Under state statute, districts are guaranteed a portion of auto ownership tax revenue
- Reduces the Library's overhead costs for support services
- As a district, policy making and budgeting decisions can focus on delivery of library services rather than the broader county mission

Thanks Bill and TJ for bringing us up to date on the latest Library issues.
