## **THE PRESIDENT'S CORNER**

Hello All!

Our daughter, son-in-law, and four grandchildren were able to return to their home in Windsor on Sunday. Fortunately, they live on the west side of town, not the east where the brunt of the tornado tore through. John and I were up Sunday and Monday to help out. The devastation is incredible, as you have probably seen.

For anyone that would like to help, here is an option.

The Steele's Market building has been reopened as a donation site.

Christi has been helping with sorting items brought in. They are in need of:

Baby supplies (wipes, diapers, food, etc.)

Food including fresh fruits and vegetables

Cleaning supplies

Bedding - all sizes

Kitchen supplies

New personal items - soap, shampoo, t-paste, etc.

John and I will be making frequent trips up so can deliver the items.

**Thanks! Nan Jarvis**

**PROGRAM**

Todd and Wendy from Qwest  
(Fill in Program)

Judi sure is persuasive....our program for the evening cancelled, when Judi heard this she was talking with Todd, her Qwest rep....naturally she recruited him to present to us this evening!

Some interesting happenings with telecommunications; there is a shrinkage in the number of 'landlines" lines into homes, with more people opting for cell and VoIP, voice over Internet Protocol. The old copper liens are being replaced by "fiber-optics" lines, much better quality sound and fewer problems. More "data" is being transferred over the same wireless devices now, allowing for more use by people.

There will be more packaging of services as we see....i.e. cell, cable, internet, TV, phone. We are living in those 'interesting times" we use to hear about!!
