Mt. Vernon Country Club

THE PRESIDENT'S CORNER

I took Bruno to the morning club meeting Friday and as luck would have it we sat with the Queen and Princess of the Rodeo. It was interesting to see the interaction between him and two cute gals dressed in their Rodeo garb. Lots of glances between the three of them. He had not seen this before and unfortunately he left Saturday for his two week trip out west. He would have liked to see the Rodeo Parade and all the other Rodeo events over the weekend. I told him to come back and visit us during June and we would be sure to take him to the Rodeo. He did stand up and say a few words about how much he enjoys being in Colorado and hopes to come back soon.

The morning club does something to raise funds during the meeting that I thought was interesting. It was interesting since they picked on me as "The other club President" and I had to say the Four Way Test on the spot or pay \$5.00. Good thing I could say it since I didn't have any money with me! Joan Spalding did whisper the last one to me under her breath.....(Is it the truth?) . I think this might be fun in our club too.

As Mac just emailed to me....it is crunch time for the Golf Tournament. It shouldn't be all that difficult to have just one player per member sign up. Give it a lot of thought.

See you Wednesday.

She is a retired professor from Fresno State U., having taught at Smith, USC, and other universities. Welcome Rose and thank you for bringing your nephew Woody Coppel.

PROGRAM

John Jarvis.....BEARS

Although John didn't say it...bears do s..t in the woods....he passed around a sample.....ok a latex sample, but still real enough! John's programs are always informative and enjoyable to hear, this time he focused on what do to do if you encounter a bear while out.

...don't advance toward the bear, carry a walking stick or pick one up to hit the bear in the nose if they get that close, or carry bear spray or gun to shoot into the ground.....pick up children, bears love small prey.....don't run, they can run 35mph!!....don't make eye contact to challenge them, use common sense, retreat slowly and if need be fight back. Or as one member suggested, be with someone you can outrun.

Thanks John, a Great Program!
