SEPTEMBER 21, 2009

The International Day of Peace ("Peace Day") provides an opportunity for individuals, organizations and nations to create practical acts

of peace on a shared date. It was established by a United Nations resolution in 1981 to coincide with the opening of the general Assembly. The first Peace Day was celebrated in September 1982.

In 2002 the General Assembly officially declared September 21 as the permanent date for the International Day of Peace. By creating the International Day of Peace, the UN devoted itself to worldwide peace and encouraged all of mankind to work in cooperation for this goal.
